SUNDAY JOY RIDING REQUEST TO BE OBSERVED IN THIS CITY

People of Maysville and Mason County Will Observe the Request of the Fuel Administration as Patriots—Sunday Joy Riding Taboo on the Sabbath.

While the "Gasolineless Sunday" is but a request of the Fuel Administration in its effort to conserve more gasoline, it will be strictly observed in Maysville and Mason county for the people here are always among the first to fall in line with any movement to help win the war.

There are few small cities in the country the new order of things will affect more than Maysville for every Sunday the city and all country roads leading out of the city are filled with joy riders just putting in the day in this pleasure but as a matter of conservation all will be glad to give up their joy rides.

It is pointed out that this is but an official request but there is a provision that if the voluntary compliance with the request is not forth coming a mandatory order will be issued making Sundays "gasolineless".

The request does not affect vehicles of physicians, ambulances, fire and police apparatus, undertakers' vehicles or railway, telephone or public utilities repair vehicles or machines on errands of necessity but it does affect all passenger cars of all sorts.

AGED NEGRO DROPS DEAD IN SOFT DRINK SALOON

William Barbour Dies of Heart Trouble in Few Minutes Following Attack in Dale's Soft Drink Saloon.

William Barbour, aged about 50 years, died very suddenly in the near beer saloon and restaurant of George Dale in Market street about 7:30 o'clock last night.

Barbour, who was subject to attacks of heart trouble, came into the saloon and ordered a bottle of near beer and a sandwich. He had paid for them and had just placed his change in his pocket when he reached up on to the bar for his sandwich and fell backward into the floor. Not a murmur was uttered and attendants rushing to him picked him up but he simply trembled as if in a nervous fit.

Physicians were summoned but upon their arrival the Negro man was dead.

Coroner Higgins was called and took charge of the body. An investigation made by the Coroner this morning substantiated the report that heart trouble was the cause of the sudden death. Barbour was removed to the home of relatives and funeral arrangements have not yet been made.

MRS. MARY BAUER CALLED BY DEATH

Mrs. Mary Bauer died at her home in West Third street last night about 7:30 o'clock following a long illness of complications incident to old age. She was born on February 14th, 1840, and was therefore past 78 years of age.

Mrs. Bauer was the widow of the late John Bauer and one of the city's best known citizens. She was a member of the First Presbyterian Church and during her long and useful life in this city had made for herself a large number of friends.

She is survived by four children: Two daughters, Misses Anna and Margaret and two sons, Mr. John Bauer of Bauer & Klipp harness and hardware dealers, and Squire Fred W. Bauer, Magistrate in the First District.

Funeral will be held at the home Friday afternoon at 2 o'clock and burial will be made in the Maysville cemetery.

FRENCH GAIN SIX MILES IN SWIFT ADVANCE ON FOE

Forty Villages Recaptured by French; British Launch Fresh Attacks Routing Enemy.

Paris, August 28—In a swift advance today, covering more than six miles at certain points, the French troops south of the Somme recaptured forty villages, the War Office announces tonight.

The left bank of the Somme has been reached between Clancourt and Nesle, as well as the west bank of the canal Du Nord between Nesle and Noyon, over the greater part of its course.

American troops in the region of Javign repulsed numerous German counter attacks and broke up an enemy attempt to cross the Vesle south of Bazoches.

With the British Army in France, August 28—On both sides of the Scarpe river hard fighting continued today, the British launching fresh attacks and wrestling from the desperately resisting enemy additional valuable stretches of ground, many more advantageous positions and numerous towns, including Croisilles.

In the center of the wide battlefield on which three British armies—the first, third and fourth—are operating, there seems to be a slight pause.

South of the Somme Bay and Alancourt were taken by the British without much difficulty, for the Germans, being hard pressed south of these points by the French, were therefore ready to go with slight persuasion.

Since early this morning, storm after storm has been sweeping across this section of France, but, despite the unfavorable weather, the forces in the north have driven deep into the hurriedly arranged enemy defenses, smothering with their fire, hordes of Hunns.

GARDEN ADVICE GIVEN BY THE CITY GARDEN DIRECTOR

Mr. C. P. Dieterich Has Something of Interest to all Gardeners in Regard to Their Crops.

Mr. C. P. Dieterich, City Garden Advisor, yesterday issued the following bit of timely advice to war gardeners:

The prolonged drouth has injured the growing crops but as we are having rain now, we hope for a better season from now on.

The beans that have dropped their blossoms should be left as they will send up more blossoms and will produce beans later.

Turnip and kale seed may still be sowed as the fly and drought has destroyed the early planting. Lettuce for fall use may be sown now.

Your early potatoes had better be dug as they will make a second growth if left in the ground. Store them in a cool dark cellar and do not waste them, for potatoes have been damaged in some sections and prices will be high during the winter. The small ones can be used by boiling them as the skins will come off readily and it will be best to use the small ones first and the larger ones later.

It is to be hoped all gardeners have taken care of the surplus vegetables during the summer. Tomatoes and corn have been plentiful and every family should lose no time in canning a full supply.

Watch your cabbage as the worms are bad this time of the year and by killing the white butterflies you will save much trouble.

LARGE PLATE GLASS WINDOW BROKEN

A jack stone was thrown from the brick street against a large plate glass window at the Omar Dodson wholesale grocery yesterday by an automobile with such force as to break the thick glass. A clause in the traffic ordinance requires all wagons hauling sand and gravel to have tight beds and this clause should be strictly enforced as several valuable windows have been broken by gravel spilled from loose bed wagons and thrown against the glass by passing automobiles.

JURORS ARE SUMMONED

The sheriffs have completed the work of summoning all men called for the petit and grand jury for this term. These gentlemen will report the first of next week. Those summoned for the grand jury will report on Monday and those summoned for the petit jury will report on Tuesday.

BEAUTIFUL GOLDEN PHEASANT

A beautiful golden pheasant raised by Mr. George A. Dodson and which recently died, has been in the hands of an expert taxidermist in Cincinnati for the past few weeks and is now on display in the window of Shafer & Watkins' Paint Store. It is very beautiful and is attracting much attention.

FORTUNE SPENT ON SCENES

A fortune was expended for scenic effects in "Hands Up," most recent of the long line of smashingly successful serials released by Pathe. The Inca castle and the throne room within it alone cost \$50,000 according to reports. Thousands of players, both men and women, are seen in the support of vivacious Ruth Roland. SHARP HEADS MORGAN'S MEN FOR LIFE

At the meeting of the Morgan's Men Association held at Olympia Springs on Wednesday, Captain Stephen G. Sharp, of Covington, was elected president of the organization for life on motion of Mr. Walter Mathews, of Mayslick, this county.

President Wilson is expected to sign the new man-power bill before the close of this week and within a week or ten days the registration will be held. It is estimated that 13,000,000 men between 18 and 45 will register.

What About

BULL THE LIBERTY BOND MARKET

Owing to the large inflow of gold and the increased output of paper money since the beginning of the year, money is plentiful, and, therefore, correspondingly cheap. During the same period the shortage of labor and the increased demand for war materials have created a scarcity of many commodities and caused a corresponding increase in price. Money is cheap because it is plentiful and money and commodities are relative.

The relation between the values of money and commodities could be regulated by the people if they could and would act in concert. We can make prices of commodities lower by not buying them. We can make money dearer by not offering it so freely. Instead of offering our money to producers of luxuries, thus encouraging them to raise prices, we can offer it to the man who has a Liberty Bond he is trying to sell for 96 cents on the dollar. In that way we shall force dealers in luxuries to reduce their prices and shall gradually force Liberty Bonds to par.

Comparatively few people operate in the stock exchange or the produce exchange, but practically all are to a greater or less extent 'bulls' or 'bears' in the business world. Those who buy luxuries these days are 'bulls' in the luxury market and 'bears' in the Liberty Bond market. Those who seek opportunities to purchase Liberty Bonds and turn a blind eye to the counters of the luxury merchants, are 'bears' in the Liberty Bond market and 'bulls' in the luxury market.

No one need be ashamed of being the latter of a 'bull' and 'bear'. He will not be violating any law against gambling. He will not be accused of being engaged in a non-essential occupation. He who hoards his luxury money by putting it into thrift stamps, and turns the thrift stamps into War Savings Stamps, and turns the War Savings into Liberty Bonds, will not be in danger of indictment for hoarding.

Such a practice may drive the luxury producer into the production of necessities, and, if so, necessities will be more plentiful, and, therefore, cheaper. Such a practice may also drive the market price of Liberty Bonds from 96 cents up to \$1.01, and, if so, it will send a message to the Kaiser that will cause a sinking sensation in the place where he ought to have a heart. From any viewpoint, one is playing not only a safe but a patriotic game when he gets in as a 'bear' in the luxury market and a 'bull' in the Liberty Bond market.

It would certainly be great sport to see the luxury 'bulls' and the Liberty Bond 'bears' running for cover.

Girl power is taking the place of man power everywhere and we suppose before long now one of 'em will be writing the paragraphs and then we feel sure a great improvement will be noted and there won't be any more ridiculous mistakes, such as the betrayal of the idea that the samisole comes up around the shoulders.

It would be interesting to know how many calories there are in an editor's undershirt when the accurate thermometer in his so-called study registers 101 degrees Fahr.

IMPORTING ONLY TOBACCO NEEDED IN THIS COUNTRY

Re-Exports of Leaf Indicate Absorption of Foreign Leaf by American Manufacturers.

That the United States is importing only about the quantity of leaf tobacco that is required for manufacturing purposes is apparent from the official statistics representing the re-exports for the month of May, 1918. The more complete absorption of foreign leaf tobacco seems to be indicated by the report for each succeeding month, and although the 11 months of the fiscal year show a big increase over the same period last year in the re-exports of wrapper grades, all other kinds of leaf tobacco gained but 3 per cent in volume for the period.

The total quantity of wrapper leaf tobacco re-exported from the United States during the month of May, 1918, was 43,062 lbs., an increase of 29,797 lbs., or 225 per cent; the total quantity of other leaf was 57,334 lbs., a decrease of 385,555 lbs., or 87 per cent, making a total decrease in leaf re-exports for the month of May amounting to 355,758 lbs., or 78 per cent. Cigars decreased 220 lbs., and cigarettes increased 59 lbs.

For the 11 months of the fiscal year ended with May, 1918, the following comparisons in contract with the corresponding period of the preceding fiscal year are shown: Wrapper leaf increased 661,416 lbs., or 177 per cent; all other leaf increased 263,219 lbs., or 3 per cent; total leaf increased 924,635 lbs., or 11 per cent; Philippine cigars decreased 102 lbs., or 68 per cent; cigars increased 2,510 lbs., or 418 per cent; cigarettes increased 2,381 lbs., or 49 per cent.

The total value of all tobacco and its manufactured products re-exported during the month of May, 1918, was \$144,377, an increase over the corresponding month last year of \$23,412, or 19 per cent. The total value for 11 months was \$2,411,620, an increase of \$10,563, or 27 per cent.

TO DEFINE WAR SHERMAN SHOULD BE IN THIS ONE

Washington, D. C.—Private Richard H. Chompton, 908 Seventh street southeast, "stopped one with his name on it" in France recently, according to word received by his cousin, Robert Perkins, with whom he resided at the Seventh street address. In a letter from France he says:

"Just a few lines to say 'hello' to you. How is everything?"

"The Germans had a shell with my name on it, and it reached me, too. I will be in the hospital for three or four weeks before I will be all right. It hit me above the knees.

"Boy, this is some experience! But I don't want any more like it. When Sherman said war was hell he didn't know what war was. He ought to be in this one."

Private Crompton, who is 21 years of age, was formerly on the border with the Third District of Columbia Infantry, now a part of the One Hundred and Sixty-first United States Infantry. He left for France about Christmas.

LAW OF MOSES — CALIFORNIA COURT SUSTAINS INJUNCTION OF ANCIENT ISRAELITE

Oroville, Cal.—The Appellate court for the Third district has handed down a decision sustaining a decree promulgated by Moses in the book of Deuteronomy.

The decision was rendered in an appeal filed by the Indian Spring Channel Gold Mining company from a decision rendered by the Superior court Butte county in which a substantial judgment in money was awarded to a number of miners who filed suit against the company.

In its decision the Appellate court quotes from the book of Deuteronomy as follows:

"Thou shalt not oppress a hired servant that is poor and needy, whether he be of thy brethren or of thy strangers that are in thy land, within thy gates.

"At his day's halt thou shalt give him his hire, neither shall the sun go down upon it; for he is poor and setteth his heart upon it; lest he cry against thee unto the Lord, and it be sin unto thee."

With this as authority the decision of the Superior court is affirmed.

BEAUTIFUL KITCHEN CABINET GIVEN AWAY

Merz Brothers will give away absolutely free to their customers a beautiful kitchen cabinet on September 2—next Monday, when the city will be filled with people to attend the big Labor Day celebration here. Tickets have been given away on this cabinet for the past several weeks and much interest will no doubt be taken in the drawing.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

Safety, Convenience, Economy!

These are the strong points of advantage to be derived from the use of a private lock box in our modern fire and burglar proof vault. It is one of the strongest built. It is of the most modern type and construction. Built of the hardest and thickest steel, it is drill-proof and air and water tight.

If you have a Liberty Bond, note, will, deed, marriage certificate, life or fire insurance policy, jewelry, or in fact and valuable or papers or heirlooms you should protect yourself against loss by renting a box in this vault.

A private lock box, with two keys, can be rented for less than one cent a day. It may be worth \$6,000 to you some day. Can you afford to be without one at so small a cost?

BAND GREAT FEATURE

Thaviu Has Been Secured By The State Fair

The sixteenth annual Kentucky State Fair to be held in Louisville the week of September 9-14, will boast in Thaviu's Band of forty musicians one of the greatest musical organizations ever appearing at a State Fair. The Thaviu organization is made up of forty splendidly trained musicians who are arrayed in military regalia and accompanying it is a coterie of solo artists of international repute, together with a galaxy of ballet dancers who are said to be terpsichorean wonders and fully up to the coryphée support of Pavlova, Genee or Ruth St. Denis. Thaviu's Band was one of the sixteen great organizations which played

at the Panama-Pacific Exposition, and it was the only one commissioned to play a return engagement. As a traveling organization it has visited all the principal cities of the United States and has invariably received a contract for a return engagement.

Thaviu himself is a musician of the widest culture and training and his leadership is demonstrated by the merit of his musicians' performances. His programs are made up of selections appealing to cosmopolitan ideas and are of a kind to delight crowds with tastes as diverse as that of a State Fair.

SURVEY OF INDIAN GRAVES REVEALS ANCIENT RELICS

Old Dwelling Places of Menominee Tribe Explored.

Madison, Wis.—A survey of the Indian remains of Marinette county and a recent search for mounds in "Menominee land" are described in an article in the latest number of the Wisconsin Archaeologist.

The Menominee Indians made no burial mounds, such as are common throughout other parts of the state, but practiced tree burial or buried their dead in shallow graves, covered by three logs. According to a Menominee from the Shawano reservation, there is no word for mound in his language.

Although no mound groups were located and evidences of early Indian cultivation were almost entirely lacking, except garden beds at Lake Nocke bay, many village and camp sites, cemeteries, and trails were found. These were located mainly in the Peshtigo river region, the Lake Nocke bay region, and the Menominee river region.

Trails are apparent on both banks of the Menominee river, which was itself a great water trail. A third trail ran down the bank of Green bay toward the Peshtigo river; another trail led from the falls of the Peshtigo to the mouth of the stream. Another aboriginal trail extended from Pockety Nock toward Lake Nocke bay—partly a land route and partly a water route. Between Lakes Mary and Julia the Indians had a portage, which can still be plainly seen.

The mouth of the Menominee river was the principal home of the Menominee Indians, as may be seen from the numerous evidences of camp life scattered along the bay short. The present site of the chautauqua grounds is evidently a camp site. A second village site was on the south bank of a small creek near the Menominee river in the town of Porterfield.

The article also contains an interesting account of the battle of the Pierced Forehead, fought on the present site of the Marinette and Menominee.

INSTRUCTION BOARD TO ORGANIZE THIS WEEK

Spiritual Advisor Will Arrive This Week When Board Will Be Finally Organized and Get Down to Work.

Word has been received by members of the recently appointed instruction board for Mason county that Dr. B. Bailey, pastor of the Baptist Church, who has been holding a revival meeting at Shelbyville and who has been named spiritual advisor on the board, will return home this week. Immediately upon the arrival of Dr. Bailey in Maysville the board members will hold their first meeting and formally organize for real work.

It is expected that this board will be able to accomplish much for the men who will soon be on their way to France as American soldiers. With the coming of the new draft taking men between the ages of 18 to 45, the work of the instruction board is greatly broadened and they will have their hands full if they accomplish what the government asks them to do in behalf of the boys.

A meeting of the men of draft age will likely be called by the board in the very near future when plans of the board will be explained to them and thereafter work will be started.

DETERMINED BOY OF EIGHTEEN IN ARMY AT LAST

New York—Arthur M. Chester, son of Jacob Chester of Brooklyn, starts on his eighteenth birthday for Paris Island, S. C., to train for service in the marine corps.

In April, 1912, he tried to enlist, but was refused because of his youth. Then he went to Washington, where he forgot his age, but was again rejected because he wore glasses. Thence he went without glasses to Richmond, Va., where he enlisted, but later at Camp McClellan, Ala., he was discharged, his age having been discovered.

Young Chester has three brothers, one of whom is a captain in the ordnance corps and one in the cavalry. The third has just been returned invalided after having been five times wounded.

MUCH BACK TAXES IS COLLECTED

A large amount of back taxes has been collected by the members of the city police force during the past several months. Reports in the office of the Chief of Police show that hundreds of dollars have been collected by the police which would have likely been entirely lost to the city.

Investigate and you will invariably find that bad roads are costing you more than good roads and yet you are denied the pleasure of a smooth ride.

CANADA GIVES 43,000 LIVES IN GREAT CONFLICT

Army Grows From 3,000 in 1914 to 390,000 in 1915.

Toronto—Canada's achievements in the four years of the war are stated by the director of public information as follows:

Canada entered the war with a regular army of only 3,000 men. At the beginning of last month she had sent overseas not less than 390,000 soldiers, and on the same date there were in this country over 60,000 men being trained for service in France. This makes a total army of over 450,000.

Canadian soldiers to the number of 43,000 have given their lives to the cause. Of these 27,040 have been killed in action; 9,280 have died of wounds; 2,257 have died of disease; 5,342 are presumed to be dead.

The names of 113,007 soldiers have appeared in the casualty lists as wounded or sick. Between 30,000 and 40,000 of these have returned to duty; about 50,000 have been sent back to Canada as unfit for further service; 2,224 Canadians are still in German or neutral military prisons, and 384 are set down as missing.

The bravery and devotion of Canadian soldiers and nursing sisters have not been without recognition. Some 10,000 of these have received distinctions of one kind or another. Following is a list of honors which have been won in the field by members of the Canadian expeditionary force:

Victories cross, 30; distinguished service order, 432; bar to distinguished service order, 18; military cross, 1,467; bar to military cross, 61; distinguished conduct medal, 939; military medal, 6,459; first bar to military medal, 227; second bar to military medal, 6; meritorious service medal, 119; mentioned in dispatches, 2,573; royal red cross, 130.

BADGES TO BE GIVEN BOYS ON LABOR DAY

All Mason County Men Who Have All Mason County Boys Who Have Reserve Will Receive Badge of Honor.

Prof. C. S. Dale Federal Director of the U. S. Boy's Working Reserve for Mason county, yesterday issued the following statement:

Each member of the U. S. Boy's Working Reserve who has completed the required thirty-six days farm work and has delivered his certificate from employer to me stating that such work was satisfactory will be presented with the significant and patriotic Bronze Badge of Honor from the Department of Labor, Washington, D. C., on Monday, September 2, during the big Labor Day program at Beechwood Park. I hope and expect every member of the Reserve to be present. If you cannot take off the entire day, come in the afternoon. This part of the program will be at 3 p. m.

All members who haven't sent their certificates to me, should do so, not later than tomorrow in order to get their badges from Louisville in time for delivery Monday. If the full membership is present a picture will be made by a local photographer and a copy will either be given each member, or else it can be purchased for a small amount. This group will show the boys who have been holding the second line of defense. Boys, don't fail to be there and receive your just and proper reward.

C. S. DALE, Federal Director Mason County.

LETTERS FROM OUR SOLDIERS

Mr. and Mrs. James T. Sears, of the county, have received the following letter from their son, written while on his way overseas:

Somewhere on the Atlantic Ocean. Dear Mother and all: Will write you a few lines to let you know that I am still among the living. I have had a very pleasant trip so far across the ocean but I certainly was sick for a while. I would like to tell you all about my trip but you know I can not. I am writing this on the waters. Expect to land some of these days. I think we will have a good time when we get there because I think the Dutch will give up soon and then we will all get to come back home and tell all we know and that will sure be a lot. Suppose you received the card I sent you telling you I was going to leave. I suppose about all the boys around home have gone. How is everyone. Give them my address and tell them all to write.

Will write more when I get on land. From your son, CORP. WM. T. SEARS, Co. A, 337th Inf. American Exp. Forces Via New York.

NURSE LEAPS TO DEATH FROM 4 STORY WINDOW

San Francisco, Cal.—Miss Mary C. O'Hanlon, a trained nurse, about 50 years old, ended her life by jumping from the window of her room on the fourth floor of the Hotel Marley, 87 Third street. She died a few minutes later on the operating table at the Harbor Emergency hospital.

According to Sergt. William Phillips of the Sixty-seventh field artillery, Battery C, at the Presidio, who was an eyewitness to the tragedy, the woman opened her window and started blowing a whistle. He said he thought she was calling for a policeman and he watched her from the street below. A moment later he saw her kneel on the window sill and dive head first into Mission street.

The woman registered at the hotel as from North Carolina. She told the clerk she was a trained nurse and was expecting to take a case across the bay in a few days. The clerk said she came in at 10 o'clock the night before her death, took her key, and went to her room, No. 68, on the fourth floor, seemingly in good spirits.

AUTO POLO AT FAIR

Popular Sport For Visitors to Louisville During September

Something New in Entertainment Line —Is Thrilling and Exciting From Start to Finish.

"Auto Polo" is announced as a star feature of the amusement attractions of the sixteenth annual Kentucky State Fair, to be held in Louisville the week of September 9-14.

This game will be an entire innovation to State Fair visitors, and is heralded as one of the most unique, exciting and absorbing contests ever offered at the Kentucky Fair or any other celebration of like character. The entertainment consists of a nerve-rattling, wildly-exciting battle between polo experts who are mounted in especially constructed automobiles instead of on polo ponies as of yore. Playing the game in addition to managing a careening, space-eating automobile is a proposition calculated to keep spectators on the qui vive of excitement and suspense, and the game in its present form rather tends to make the pony-played polo look like child's play.

The polo contests will take place every night of the fair in the big \$150,000 Hippodrome Building and every afternoon in front of the race track grandstand.

The game is said to be one which has created a furore in the sporting world, and few can watch the curiously-constructed automobiles "turn turtle" at critical periods of the game and right themselves immediately by reason of their build, without being on their feet with excitement during the better part of the game.

The great \$10,000 five gaited saddle horse stake which was introduced at the Kentucky State Fair last year and will be a feature of the sixteenth annual Kentucky State Fair this year, focuses the attention of the horse-world on the state. The event consists of a sensational struggle for championship honors among the stallions on Monday night, the mares on Tuesday night and the geldings on Wednesday night, while the grand championship of the world is fought out between mares, stallions and geldings on Saturday night of fair week.

WHARFBOAT ORDINANCE COMES UP MONDAY

The wharf ordinance regulating the wharfage charges on the Maysville wharfboat will be presented to the City Council at its next regular meeting on next Monday evening. The ordinance has been drawn by the council committee after consultation with Captain Gordon C. Greene, owner of the local wharf boat and is perfectly acceptable to all concerned.

DOUBT DISAPPEARS

No One in Maysville Who Has a Bad Back Should Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells, Sleepless nights, tired dull days, Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands. Are recommended here at home. You have read Maysville proof. Read now the Maysville appeal. Renewed testimony: tested by time. Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE On November 15, 1914, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I took them." Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Burns had—the remedy backed by home testimony. 60 cents at all stores. Curiosity Calls

Any sudden slam that may be sounded causes an avalanche of calls that are CURIOSITY CALLS—made for no other reason than that their originators desire to know all about the happenings. Not only is "CENTRAL" unable to supply such information, but the sudden deluge of calls ties up the telephone lines and might seriously interfere with calls for fire, ambulances or other aids. Why not be patient for awhile and allow the effect of such alarms to become normal. If such should be a forerunner of news, it will be carefully prepared by a reporter and may be read in the papers.

VETERANS MEET AT BEECHWOOD SEPTEMBER 25th

Thirtieth Annual Reunion of the Tenth and Sixteenth Kentucky Regiments to Be Held in Maysville Latter Part of Next Month.

Plans are already underway for the thirtieth annual reunion of the Tenth Kentucky Cavalry and the Sixteenth Kentucky Infantry, Civil War Veterans which will be held at Beechwood Park in this city on Wednesday, September 25th.

Word comes from Mrs. G. W. Hook, Secretary of the Association, at her home at Peebles, Ohio, that it is expected there will be a great gathering of the old veterans on this occasion. Every year all members of these two regiments still living gather at Beechwood Park to talk over their great experiences during war times and to hear messages from their comrades in all parts of the country.

Already word has come from old soldiers in far away states that they would be in Maysville for the reunion and again an effort will be made to display the old flags carried by these regiments during the war and now carefully preserved by the Kentucky State Historical Society at Frankfort. Special interest will be attached to this annual gathering because of the present war in which the grandsons of the Civil War Veterans are engaged and it is expected that there will be several very interesting patriotic addresses made at this meeting.

Cards will be sent out within the next few days by the Secretary and every veteran who can possibly attend should arrange to do so by all means this year as there are but a few of the old boys left.

IS ADMINISTRATOR

In the Mason County Court yesterday John Cole was appointed administrator of Mrs. Sarah Donaldson, deceased, and he qualified as such with J. B. Durrett as surety on bond.

Mrs. Ella Newell was tried before Squire Fred Bauer and a jury yesterday afternoon on a charge of breach of the peace. After hearing the evidence, the court instructed the jury to dismiss the case.

During the absence of Col. W. R. Warder, who is at Petosky, Mich., until after the hay fever season, his business is being cared for by Mr. James M. Rains.

75 GRADUATES OF COMMON SCHOOLS RECEIVE DIPLOMAS

Prof. W. P. King of Newport Public Schools Delivers Address to Students.

(By W. T. Berry)

Wednesday morning session of the Mason County Teachers' Institute opened at 9 o'clock by singing "Hallelujah" led by Mr. Dodds.

Devotional Exercises led by Prof. Caplinger, who read the 51st Psalm and led in prayer particularly remembering our boys who are over there.

Songs—"Our Old Kentucky Home" and "The Star Spangled Banner".

Announcements by Prof. Turnipseed. Under the caption of "Need of a Daily Program" Prof. Bradner demonstrated in a very satisfactory way that it was little less than a calamity for any teacher to try to teach a single day without having one. From the mouths of those present he showed a number of reasons why every teacher should have one and why no teacher should try to teach without one.

Fifty-five enrolled and about fifty present.

10:30 Miss Eleanor Wallace in a very convincing way showed us "Our Part in Eliminating Illiteracy" and it is now up to us to do our part. She gave a history of the illiteracy Commission, together with what they were expected to accomplish.

Kentucky is expected to teach 50,000 illiterates, Mason county 200.

Every man, woman and child in the county who is qualified to do so is asked to teach at least one illiterate person before January 1, 1919. For further local information confer with Mr. Turnipseed or Miss Wallace.

Geography was discussed by W. J. Caplinger. Emphasized the teaching of the essentials of geography and the eliminating of the non-essentials. Used so as to train the judgment rather than the memory. Teach philosophy of geography even at the expense of some of the facts. The why rather than the what.

Mr. Bradner's discussions of "Examinations" as a test for promoters was one of the most satisfactory the writer has heard in institute work.

Wednesday Afternoon

Announcements by Superintendent Turnipseed.

Public speaking and physical culture was handled by Mr. Bradner from a theoretical and practical standpoint and if his hearers do not greatly profit from this discussion there certainly must be something wrong with them.

Miss Bessie Martin's demonstration with a class of live boys and girls showed just exactly how she gets such satisfactory results in teaching beginners reading.

Prof. W. P. King delivered the address to class of about twenty-five boys and fifty girls, graduates of the eighth grade in the county schools. In a few well chosen remarks he charged their parents to try to realize as fully as possible the monotonous times in which they were living and the very great demands for efficient service that would be demanded of the exigencies of the times just ahead of us.

Mr. Turnipseed followed with some very timely admonition and advice to the graduates to have for their motto "Sand, sense and service."

Mr. Turnipseed then presented the certificates of graduation and after singing one verse of "The Star Spangled Banner" the institute was dismissed with prayer by Brother Stahl and finally was written to Wednesday's program.

KENTUCKY'S SENIOR SENATOR DIED EARLY YESTERDAY MORNING

Hon. Ollie M. James Succumbs to Illness Which Has Kept Him in Baltimore Hospital For Many Weeks—Prominent in National Politics.

Baltimore, August 28—Senator Ollie M. James of Kentucky, who was a patient at Johns Hopkins hospital in this city for several months, suffering from a general nervous breakdown and other ailments, died at 6:55 o'clock this morning. In the last week the condition of the noted Kentucky statesman took a decided turn for the worse, and only his great vitality kept him alive so long. When the end came Mrs. James, wife of the Kentuckian, was at the bedside of her husband, as was also a brother of the senator, Edward James.

Senator James was one of the leaders of the Democratic party and long a dominant figure in Kentucky politics. He served five consecutive terms as a member of Congress from the First Kentucky District, was elected United States senator by the General Assembly in 1912, and was renominated for that office by a large vote at the State-wide primary on August 3, last. He was born in Crittenden county, Kentucky, July 27, 1871.

Senator James was married on December 2, 1903, to Miss Ruth Thomas, daughter of R. Y. Thomas of Marion, Ky., who survives him. There were no children. Senator James became ill early in February. On February 17th he was forced to his bed by acute inflammation of the kidneys, but he was up and attending to his business again three weeks later. Finally his condition became such that he was sent to Johns Hopkins, where he underwent several minor operations. Later blood transfusion was attempted in the battle to save his life.

YOUNG WIFE DEAD

Mrs. Fannie Welch, aged 19, died at her home in Lee street last night about 7 o'clock following a lingering illness of typhoid fever. She is survived by her husband, who is now ill at the home of relatives in the county with typhoid fever and a seventeen months old child. The arrangements for the funeral have not yet been made.

LOCAL PRINTER NAMED SQUAD CAPTAIN

John W. Bradford, local linotype operator, who recently volunteered for service and who left with the squad yesterday morning for Camp Taylor, was named captain of the squad.

JONES-COOPER

Mr. John Cooper, aged 22, of Georgetown, Ohio, and Miss Mary Lucy Jones, aged 21, of Germantown, were married at the County Clerk's office yesterday afternoon by County Judge H. P. Purnell.

WANTED

Boy to carry papers. Apply at this office.

Reports come to the city this morning that although the display of the Mason County Poultry Association at the Germantown Fair is housed in a tent 30 by 60 ft it is crowded and more fowls are being taken to the fair for entry today.

Miss Mabel Crowell of Logan, W. Va., who has been threatened with fever at the home of her mother in the East End, is somewhat improved this morning.

Miss Ester Whaley of Ewing, is visiting her cousin, Miss Nettie Frost, of Cherry street.

SUPERINTENDENT MAKES STATEMENT ON SCHOOL OPENING

Superintendent Caplinger Makes Explanation in Regard to Opening of the City Schools.

City Superintendent W. J. Caplinger yesterday issued the following statement in regard to the opening of city schools on next Tuesday:

Tuesday morning, September 3, will witness the opening of the Maysville Schools. We are anticipating the usual enrollment. We trust that parents will not permit children that are sixteen years of age to drop out of High School simply because they can get good wages doing men's work. I know that under the existing conditions, when wages are high, there is a great temptation to many to allow the dollar in the immediate view to cover the ability of making several dollars in a more remote period. It is said that you can take a dime and by holding it close to your eye can cover the sun. Sometimes parents are given an abnormal idea of the importance of the immediate dollar and allow it to fore-shadow the preparation affording the ability to make many times that amount. Yesterday's paper stated that High School boys over 18 are expected to finish their High School work and graduate. To be sure, they will have to register when Registration Day comes, but will, no doubt, be given deferred classification until they have completed their High School course. This war has no parallel in its demands for people with brains. In fact, the wars of today are merely gigantic struggles of the will power and intelligence of the great nations.

We have a full High School faculty which bids fair to be the equal of any in the history of the school. Our new English teacher taught English in college last year. The History teacher, in addition to having taught History for the last seven years at Fort Wayne, Indiana, has traveled twice in Europe and the Orient studying and lecturing. Our Science teacher not only has a B. S. but and M. S. degree as well. The Commercial man graduated from Bowling Green Business University, the largest Business University in the South and if I mistake not, the largest one in the United States. He has had several years experience teaching and comes to us highly recommended. Mr. James Melton, who is in charge of the Manual Training work, has had twelve years experience in planning mills and furniture factories and knows thoroughly the problems of woodwork. Our teachers in Mathematics and Science and myself will see that the mathematics and mechanical drawing is correlated with the work shop work of Mr. Melton.

We expect every pupil to go to the building in the district in which he resides, with the exception that all third and fifth grade pupils below the Bridge, attend the First District building and while all fourth and sixth graders attend at the High School building. After we have enrolled and school has been in progress a few days, if we find some rooms too crowded and others below the normal attendance, pupils will then be shifted and where such changes are made it will be my policy to try to make those changes conform with the wishes of the parents just as largely as possible. We are having all of the buildings thoroughly cleaned and will be fumigated just previous to the opening of school. I trust that after having read this in the papers, it will be unnecessary for patrons to be calling this office asking concerning the time of the opening of school.

Yours respectfully,
W. J. CAPLINGER.

LARGE SERVICE FLAG FOR LEWIS COUNTY

The large Lewis county Service Flag which will be unveiled at the Lewis county fair at Vanceburg next week, arrived here yesterday. It was purchased through De Nuzie of this city. The flag contains 550 stars, three of which are gold and there is room on the flag for many more to be added as the sons of Lewis county march forth to war.

NEWMAN WILL ADDRESS FARMERS ON LABOR DAY

Former State Commissioner of Agriculture to Be Chief Labor Day Speaker Here.

Announcement was made last night that Hon. J. W. Newman, of Versailles, former State Commissioner of Agriculture and candidate for the Democratic nomination for Governor in the last state primary, had consented to come here for Labor Day next Monday. He will deliver an address to the farmers of this section at Beechwood park at three o'clock in the afternoon.

The Publicity Committee is doing a fine work, having had a number of large card boards advertising the celebration printed which are being distributed throughout the county and adjoining counties. Special advertisements have been inserted in the papers of some ten adjoining counties, and should prove instrumental in bringing in our neighbors. The Augusta Band has been secured and will render some fine music. The mammoth parade of union men and floats representing the business interests of the county will prove one of the enjoyable features of the afternoon.

The committee appointed to solicit prizes for the events in the Trap Shoot and Athletic meet were very successfully in securing a fine selection, which follow:

THIEF FRIGHTENED FROM GARAGE

A would-be thief entered the garage of Arn Brothers at their home in the Sixth Ward on Tuesday evening apparently to steal tools but he was frightened from the building by a neighbor who saw him enter. The automobile which was in the garage contained quite a bit of coffee and spices but nothing was missed. The thief was not given time to steal anything of value.

AGREEMENT REACHED ON MANPOWER BILL

Washington, August 28—Senate and house conferees on the manpower bill reached a complete agreement late today, eliminating the senate work or fight amendment.

The report will be submitted to both houses tomorrow, and the bill probably will go to the president for his signature before night.

AUNT HESTER'S FUNERAL THIS AFTERNOON

The funeral of Aunt Hester Stanton, highly respected old colored woman, will be held at the grave in the Maysville cemetery this afternoon at two o'clock. It was first planned to have the funeral this morning but as many white people desired to attend it was postponed until this afternoon.

Relatives here have been advised that John Murphy, local man who has been in training at Cookeville, Tenn., has been moved to Fort Leavenworth, Kans.

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the Eustachian Tube. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. E. J. CHENEY & CO., Toledo, O.
